Tezpur University , 6.3/10

2015, Full Time

BCA, Computers

Pratap University Jaipur , 6.1/10

Work Experience

2022 - Present

Software Engineer

Biz2Credit

Key Result Area

The highlight of the project was the development of an efficient and user-friendly online loan application. We strived to create a seamless experience for borrowers, ensuring that the application process took no more than four minutes to complete. Through a well-designed interface, applicants could effortlessly input their information, providing key details required for the loan application.
